___ **\$ 1,000** seating for one.

___ I cannot attend but wish to contribute a gift to NESC of: _____

Donors are invited to propose nonprofit organizations to receive NESC management consulting. NESC services and end products consist of strategic/business plans, operations management, financial services, PR/communications and marketing plans, "360" reviews, and executive/board searches.

An NESC consulting project and team typically consists of four senior executives volunteering for two to four months. An advisory assignment is typically two senior executives providing four to six management consulting sessions. Donations sustain NESC's project execution costs to support expertise contributed by skilled executives, as well as support NESC training of mid-career and retired executives to become management consultants and provide expertise to nonprofits.

To accept this invitation, please contact Sharon Reis at sreis@nesc.org or call 718-261-0395.

For payments, please use the donate button or the QR code.

If mailing checks, please send to
